

MAINTENANCE MECHANIC

Summary

I am a graduate with an Associate of Applied Science in Power-plant & Airframe Technology and with an FAA A&P license with experience in troubleshooting, repairing and maintaining aircraft engines and systems as well as repairing and rebuilding aircraft structures and functional components. I'm currently working as a maintenance mechanic with Fairmount Santrol, with experience in splicing belts, rebuilding pumps, changing motors, bearing and gearboxes. Detail-oriented and very efficient, I am seeking a position with a company that fully utilizes my experience and abilities.
