

## PRACTICUM EXPERIENCE

### Summary

Nurse Practitioner focused on providing quality care and maintaining direct lines of communication with patients and the entire health-care team. Superb interpersonal and leadership skills and enjoys challenges and learning new concepts and skill sets.

### Certifications

- Registered Nurse
- Certified Emergency Nurse
- Trauma Nurse Specialist
- Basic Life Support
- Advanced Cardiac Life Support
- Pediatric Advanced Life Support

### Highlights

- Practicum hours include Primary Care, Pediatrics, Women's health, and Urgent Care
- Practicum residency to be completed in orthopedics
- Preceptor Coach in the Emergency Department
- Emergency Department interim Charge Nurse

### Skills

I am confident in my ability to navigate computers, communicate effectively, value teamwork, respect all members of the healthcare team, value all walks of life, build strong relationships, listen intently, clarify uncertainties, and educate thoroughly.

I am growing in my ability to practice confidently, formulate differentials, and build a suitable plan of care accordingly.
